

APRIL 2023 NEWSLETTER

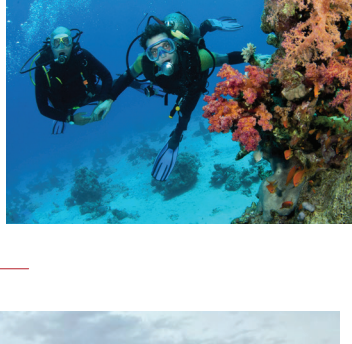

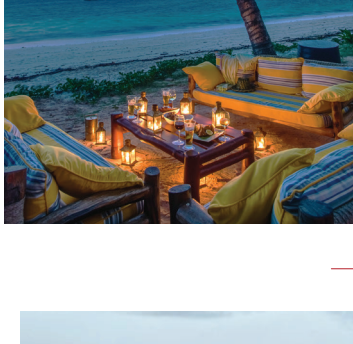

Dear Reader,

We're thrilled to usher in the month of April because it means holiday time! For Sarova especially, it is one of the most fantastic times of the year as Easter has always brought to us amazing guests. The 2nd quarter of the year is also just beginning and so is safari season, peaking in the month of June. Let's take a peek into the experiences that have continued to color our world.

SCHOOL'S OUT! THE OZONE EXPERIENCE BY THE BEACH

April is one of the most fantastic times of the year for family vacations. Schools will be on break and the folks will be looking for interesting, fun activities to keep the young ones busy and entertained. The Ozone Kids Club at The Sarova Whitesands Beach Resort & Spa is a fabulous hub tailored for the sole engagement of children staying at the tropical paradise. Highly attentive and energetic minders take the kids through daily animated programs featuring water sports, treasure hunts, arts & craft classes, movie nights, friendly competitions and mind development games for all ages. You need not feel guilty about taking some chill time as you pamper yourself at the Tulia Spa or as you go snorkeling or city exploring. For more details contact us on.

KARIBU TENA ROCCO FAMILY!

Sarova Hotels & Resorts Kenya had the pleasure of providing a most personalized experience for Canadian author, cook and celebrity TV host David Rocco and his wonderful family. This being a return visit to Kenya, Sarova was once again able to provide a great mishmash of adventure and relaxation for the family of five. The Rocco family's renowned passion for food and beautiful diverse cultures was once again brought alive as they explored our organic gardens & sampled flavourful dishes made with love. See here his wonderful stay with ample fun and good times!

IT'S A SILVER ECO RATING FOR SAROVA LION HILL GAME LODGE

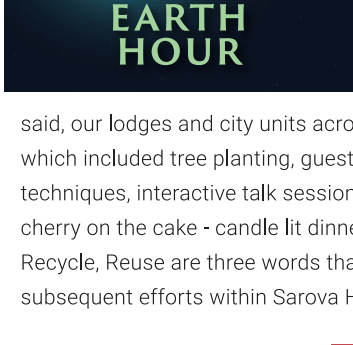

Sarova Lion Hill Game Lodge is now silver eco-rated. Eco Tourism Kenya has recognized the game lodge for reaching innovative milestones in environmental conservation, responsible resource use and impactful socio-economic investments. The ratings- categorized in bronze, silver and gold, give special recognition to hotel properties that link together tourism, conservation and communities.

Set along the Lion Hill in Lake Nakuru National Park, the game lodge features a classic aesthetic that promotes a sense of relaxation amid lush vegetation. Beyond offering vantage views, world-class cuisine and memorable activities, the lodge is compliant to the Sarova Hotels environmental sustainability policy.

EARTH HOUR - SAROVA'S CONSERVATION EFFORTS

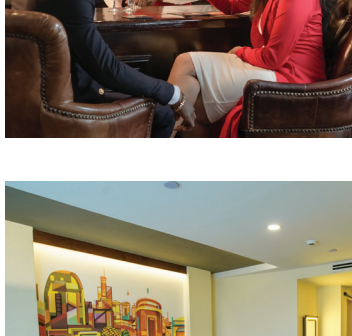

25th March was the day earmarked for the commemoration of Earth Hour 2023. In addition to switching off lights for an hour which is the original concept of the movement, this year called for extra efforts that would continue to have an impact well beyond the 60 minutes. That

said, our lodges and city units across Kenya carried out fun activities which included tree planting, guest participation in waste management techniques, interactive talk sessions on energy conservation and the cherry on the cake - candle lit dinners for staff and guests. Reduce, Recycle, Reuse are three words that epitomize commitment & subsequent efforts within Sarova Hotels.

TAKE A CITY STAYCATION THIS LABOUR DAY WEEKEND!

Public holidays come as a reprieve to many, especially if they fall on the weekends allowing for some extra day or two for relaxation. These are the perfect times to take a staycation, preferably in the city where extensive planning is not necessary.

This Labour Day, you want to consider the Sarova Stanley Hotel located at the heart of Nairobi's CBD. On the weekends when the traffic is light, this iconic landmark is worth exploring with the Victorian era inspiring so profoundly the 5-star experience that you will find.

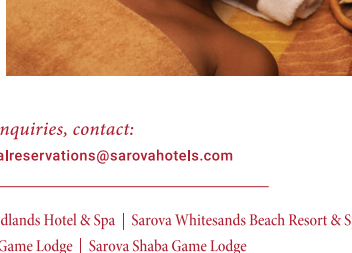

Meanwhile over at the Sarova Panafric Hotel, just a short drive into a leafy "resort within a city", the atmosphere is beautifully warm and it's modern vibes usually see an afternoon coffee easily segue into happy hour.
