

  
**SAROVA MARA**  
 GAME CAMP  
 MASAI MARA GAME RESERVE

PRESS RELEASE / JUNE 2023

## SAROVA MARA GAME CAMP PHASE 2 REFURBISHMENTS CONTINUE, BEARING INCREDIBLE RESULTS.

*Over the years, the Sarova Mara Game Camp has provided ultimate Safari serenity, a natural haven that allows one to escape the city life and reconnect with nature's calming wonders. The camp's location, the vast Masai Mara wilderness is renowned for the annual wildebeest migration, not forgetting the native Big 5 native.*

In line with our commitment to provide bespoke experiential stays, a series of refurbishments have continued in earnest at the game camp. The 1st & 2nd phases have so far seen 39 standard tents upgraded into luxurious deluxe tents and 1 family tent updated into a spacious, tastefully designed space.

Currently, 6 Deluxe Tents and 1 Family Tent are being worked on to be completed by end of June 2023. However, overall upgrade efforts will continue well into 2023. We endeavor to ensure all noise and disturbance is kept at a minimum. The end result will be 75 luxury tents innovatively built for ultimate comfort and in harmony with the Masai Mara ecosystem.

Out of the 75 tents each with ensuite bathrooms, the game lodge shall consist of 52 Deluxe Tents, 8 Superior Deluxe tents, 12 Club Tents and 3, 2-bedroomed family tents all surrounded by the magnificence of the rolling grasslands.

The game camp is built to provide unrivaled getaway experiences to families, couples, groups of friends, and corporate teams, extending our renowned refreshing African hospitality to each guest.

The government's tarmacking of the 87.9 Kilometers Narok Sekenani C2 road has upgraded the experience for game lovers, resulting in a steady rise of local tourists.

Let's not forget the Sarova Mara environs have become the home of one of the largest pride of Lions in the Mara commonly known as the Sarova pride and currently at 24 members as well as the frequent opportunity of sighting the black rhino grazing at arm's length along the camp's perimeter.
