PRESS RELEASE / SEPTEMBER 2023

SAROVA MARA GAME CAMP: PHASE 3 REFURBISHMENTS BEGIN, EXERCISE TO WIND UP BY DECEMBER 2023

In line with a commitment to provide bespoke experiential stays, Sarova Mara Game Camp has undertaken a series of refurbishments to upgrade the tented rooms. This has added a fusion of cultural flair & contemporary style, presenting guests with an experience of the finest amenities and comforts in the heart of the wilderness.

The 3rd phase of the refurbishments, set to begin on the 4th of October will mark the last phase of the exercise, a culmination of continuous efforts that began in earnest in 2018. This last phase of works on 7 deluxe tents & 1 family tent, will be complete by December 2023 in time for Christmas festivities, a busy period at the game camp.

During the upgrade, we endeavor to ensure all noise and disturbance are kept at a minimum. The end result will consist of 75 luxury tents innovatively built for ultimate comfort and in harmony with the Masai Mara ecosystem. This will include 52 Deluxe Tents, 8 Superior Deluxe tents, 12 Club Tents and 3, 2-bedroomed family tents all surrounded by the magnificence of the rolling grasslands. Over the years, consistently innovating Sarova Mara Game Camp's product offering has provided ultimate safari serenity, allowing our guests to escape city life and connect with nature's calming wonders. The game camp is built to provide unrivaled getaway experiences to families, couples, groups of friends, and corporate teams, extending our renowned refreshing African hospitality to each guest.
